college courses after
school (LACC), Virtual
classes or a take college
course during the school
day.

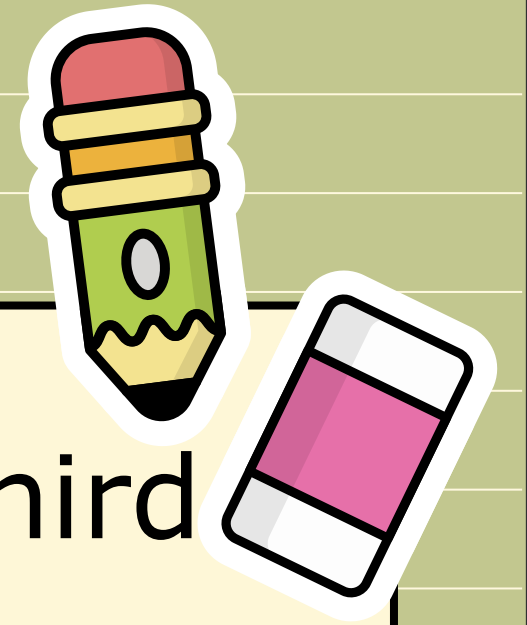

Who are gifted and talented kids?

Gifted-talented students are “students who give evidence of high performance capability in areas such as intellectual, creative, artistic, leadership capacity, or special academic fields, and who require services or activities not ordinarily provided by the school in order to fully develop such capabilities.”

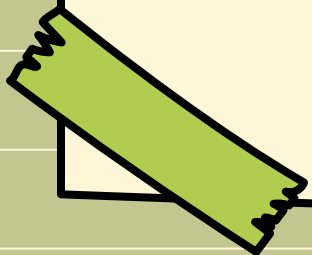

(US Congress 1981)

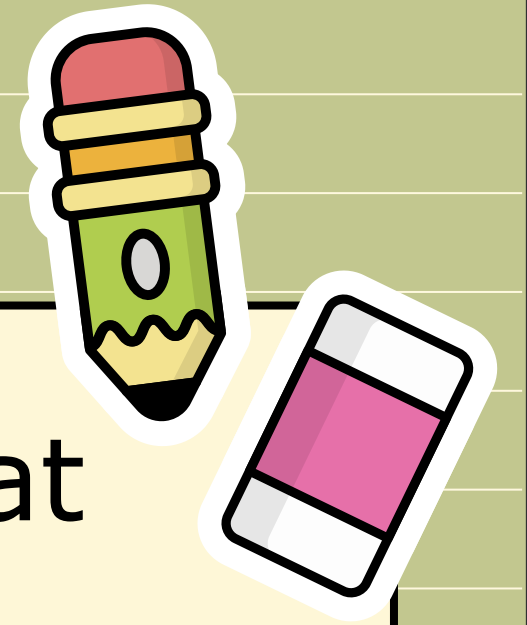

How are gifted and talented students identified?

1. Some are identified by a test they take in the third grade.
2. Others are identified by CA standards test scores sometimes after the third grade.
3. Others are identified after being nominated by teachers and /or parents

What do we offer you here at DMHS

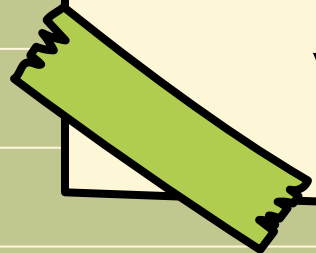

1. The students do take magnet related courses that prepare them for life after high school.
2. Students select numerous Advanced Placement courses starting their first year in high school.
3. Students apply to work on their eligibility to obtain a Diploma or certification of participation in the International Baccalaureate Program.

How does DMHS prepare you for university success?

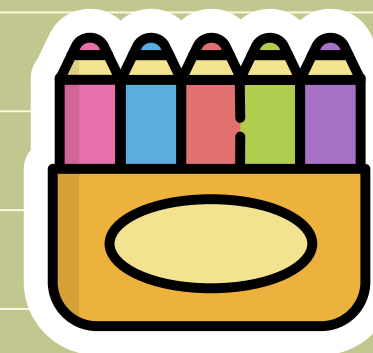

1. Counselor-Student-parent conferences (IGP) at least once a year (sometimes more) for class scheduling and choices during the year and summer time.
2. College center visits and consultations with college advisor for school tours and a university match.
3. Be aware of the programs and apply according to your interest and individual needs.
