

```
public boolean nearTen(int num) {
    int rem = num % 10;
    if (rem <= 2 || rem >= 8) {
        return true;
    }
    else {
        return false;
    }
}
```

```
public boolean nearTen(int num) {
    int rem = num % 10;
    return rem <= 2 || rem >= 8;
}
```
